EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

2. This application is in condition for allowance except for the presence of claims 21-26 and 28-30 directed to an invention non-elected without traverse. Accordingly, claims 21-26 and 28-30 have been cancelled.

3. The following is an examiner's statement of reasons for allowance: None of the prior art of record teach or suggest an inflatable membrane inside a container for the purpose of compacting the support media in combination with vacuum. The closest prior art (Kozuka et al 4,160,003) discloses a flexible membrane on the bottom of a container that is acted upon by vacuum, but fails to disclose or suggest an inflatable bladder inside a container as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
